Let's Talk Leadership

CHRISTCHURCH - One-Day Workshop
9:00am-3:00pm

DATE: **FRIDAY 8 MARCH**

Suitable for Primary and Secondary School Teachers

Lunch, refreshments and manuals included

Are you tuned in to lead? Not everyone is self-aware, but to be a truly effective leader, self-awareness is crucial.

A readiness to learn, staying open to new ideas and experiences are a leader's greatest assets.

We cannot solve many of today's and tomorrow's challenges with old thinking, so how do we grow leadership with ideas that inspire and motivate?

Come along and engage in conversations around which leadership competencies are crucial to growing inclusivity, and how to get others on-board. Let's consider:

- The signature traits of an inclusive leader
- Positive Psychology, using a strengths based approach
- The power of emotional intelligence

This workshop is ideal for teachers wanting to grow leadership capabilities or who aspire to step up into a leadership role and want to grow knowledge, skills and confidence. For those already in a leadership role this is an effective workshop to sharpen your focus.

VENUE	Hintons, Christchurch
DATE	Friday 8 March
