

Leadership for Every Teacher

MARLBOROUGH, BLENHEIM - 2 x One-Day Workshops

DAY ONE: Thursday 3rd September

DAY TWO: Friday 6th November

Suitable for ECE Teachers, anyone looking to grow and improve their leadership capabilities

Lunch, refreshments and manuals included

OUR VISION

To enable every teacher, regardless of their role or setting to have the opportunity to develop their own leadership capability

The Teachers Council have designed some thinking to advance educational leadership, to shape and encourage critical reflection to support and grow leadership capabilities throughout organisations.

Due to Covid, we are now seeing the added complexity and challenges facing educational sectors that it is vital that all are stepping up as leaders.

In this two day programme we will look at:

- Come along and explore leadership
- Systems leadership - where everyone is responsible for the health of the system
- Delve into management and leadership
- Consider your strengths and possibilities
- Discover the importance of establishing and maintaining culture.
- Grow your confidence to tackle tough challenges and thrive
