

WHEN THE ADULTS CHANGE EVERYTHING CHANGES -Paul Dix-

Come and join us to explore the changing landscape of education, what matters most in management and leadership to bring about effective change.

Suitable for Primary
and Secondary
School Teachers

Lunch, refreshments and
manuals included

Workshops will be designed to stretch your Leadership & Management as well as strengthen your understanding of Trauma Informed Leadership.

Judith has been facilitating Developing Outstanding Middle Managers workshops, in school leadership growth and development programmes for 18 years. She is passionate about supporting strengths, as well as challenging new thinking stretching the conversations in promoting change and growth. She enjoys around the table dialogue in considering possibilities moving forward. *He Tangata Ia Tangata - Where Everybody Is Somebody* - drives her work with others.

Lynda has over 30 years experience in education including leadership, evaluation and training. She is an Advanced Trainer with the Neurosequential Model in Education (NME) and provides professional learning and leadership support which reflects Dr Bruce Perry's Neurosequential Model and develops trauma-informed understanding and practice. Lynda is passionate about working with schools and centres to support transformational leadership which results in enhanced learner outcomes in wellbeing, engagement, inclusion and learning. Lynda is currently principal of Glenview School in Porirua East.
